

SPACE STUDIES TOURS UND CAMPUS

The NASA North Dakota Space Grant Consortium (NDSGC) offers tours of the Human Space Flight Laboratory year-round to Pre-K-12 student groups, special interest groups (e.g. Girl Scouts), prospective college students, and the general public. Interested groups should contact the NDSGC to schedule a visit. Tours, which last approximately one hour, should be requested at least **two weeks** in advance. Our facilities support groups of up to 20 participants. Larger groups can be divided into multiple sections if they exceed this limit. *Additional options include a tour of the Aviation Department.*
